

VOLUNTEERS GIVE & GET 2023

DEAR VOLUNTEERS,

The organisation of the first cross-border World Cup races at the foot of the Matterhorn is already in full swing. Due to the exceptional weather conditions in 2022, the first event unfortunately had to be cancelled. However, this has given us the opportunity to plan and organize further details for 2023. The pieces of the puzzle are gradually coming together, and the schedule remains sporting!

Every event, no matter how big and no matter what genre, lives on volunteers. With their enthusiasm, they contribute to ensuring that the infrastructure is ready at a certain time, that the spectators and guests feel at home or that administrative work is done in the background. At the Matterhorn Cervino Speed Opening, too, we count on the cooperation of many ski and event-mad helpers who, with their individual strengths and their different backgrounds and experiences, help to pull together.

Dear volunteer,
sign up today for volunteering at the Matterhorn Cervino Speed Opening, experience the downhill races on the Matterhorn up close and personal and help build a close-knit event community, one big "Gran Becca family".

Thank you for your valued commitment!
